Flying High Local Governance Overview

Aims of local governance in Flying High

- Support the development of the school in line with the needs of the community.
- Ensure the school reflects and is responsive to the context it serves.
- Support and be advocates for the mission, vision, and values of Flying High.
- Ensure equity and transparency in key decisions taken by the school leadership team.

- Provide scrutiny and challenge to ensure long term financial sustainability.
- Ensure the school has a culture which enables the safety of every child.

Local Governing Body Membership

Local governing bodies should consist of an optimum number of six. This will include the following:

- Chair of Governors
- Vice Chair of Governors
- Two Parent Governors - elected
- Staff Governor
- Head Teacher - ex officio
- Appointed Governors- where appropriate

Whilst an optimum membership of six is recommended, local governing bodies have the flexibility to increase membership through increased representation of community governors. Local governing bodies must not exceed a membership of nine.

Parents may be elected as Chair or Vice Chair.

In line with the Scheme of Delegation staff governors and Head teachers have full voting rights as part of the LGB but must not be involved in decisions where there could be a conflict of interest.

Link governor roles will be identified in the following areas:

- Safeguarding and attendance
- Finance
- Head teacher appraisal

- Children's experience
- Marketing and communications
- Targeted support (including Pupil Premium, Sports Premium, Tutoring and SEND funding)
- Governor training
- Staff wellness (aligned to staff governor)

The role of the link governor is to complete additional monitoring activity to support governor decision making.

Responsibilities of the Local Governing Body

In line with the Flying High Scheme of Delegation and overview of responsibilities, the LGB will ensure:

- Senior leaders set strategic objectives for the school.
- Governors act as a custodian for Trust mission, vision, and values.
- Development of the character, mission, and ethos of the school.
- Compliance of the school in line with all statutory and Flying High obligations.
- Monitoring of a medium-term sustainable school budget, which is responsive to the needs of the school and all children.
- Provision of challenge and scrutiny to enable a balanced budget, in line with Trust KPIs to be recommended for approval, by the Board of Trustees.
- Provision of challenge and support to senior leaders to enable every child to achieve to their fullest potential.
- The curriculum delivers a range of appropriate experiences, responsive to the context and needs of the children.
- A fair and transparent process, in line with policy to determine admissions to the school(s).
- The school adheres to all statutory processes to enable the safety of every child.
- The school embeds a culture of safeguarding, always recognising personal responsibility for vigilance.
- Involvement in Head teacher performance management process to ensure targets are set and reviewed, are responsive to the school context and includes the voice of governors.
- A fair and transparent process for performance management is implemented for all staff, leading to equitable decision making on pay awards.
- A pro-active approach to marketing to support sustainable admissions.
- The school develops a fit for purpose communication mechanism for families and the wider community.
- Families and community voice is represented in appropriate decision making.
- The school has an active and accurate risk register in place.
- The review and approval of school level policies and their implementation.

- The LGB accesses all statutory and developmental training.
- They engage in feedback and an annual review process to make sure that the LGB has the skills and capacity to support the school.

Meeting structure

The Flying High recommendation is to hold one full governing body meeting per term. This is to support a more sustainable approach to school governance, which will enable recruitment of governors and reduce the impact on Head teacher and senior leader workload.

Flying High would encourage all LGBs to discuss with their Head teacher the viability of this approach but recognise two shorter meetings per term may be a preferable model.

Committees will no longer form part of the meeting structure for LGBs.

Where appropriate, additional task and finish working groups can be established, to enable a deep dive or a focused development group. Where decision making within a governing body meeting is not possible, working groups will allow a small representation of the governing body to explore an area in more detail enabling decision making at the following meeting.

A standard agenda will be set for each meeting by the Flying High central team. The agenda will be sent to Chairs and Clerks. The Chair and Head teacher should determine which items are a focus for discussion. Where the governing body has taken the decision to complete two shorter meetings within a term, it will be for the Chair and Head teacher to determine and orientate the agenda items, with the support of the clerk.

To support this process, a briefing for clerks will take place at the beginning of each term, providing an overview of the agenda and opportunity for clerks to clarify process and expected content.

Parent Governors

Parent governors are recruited as part of an election process, based on their skills, experience and capacity to support the LGB and the needs of the schools. Parent governors will also be fundamental in supporting Head teachers to seek the views of families to inform key decision making by the LGB.

Parents will be recruited in line with a clear role descriptor, ensuring they meet the skill requirements of the governing body. Parents will be considered based on this role

descriptor, and then appointed via an election process. Parents may be elected as Chair or Vice Chair.

To support ongoing consultation with families, as part of each LGB meeting, the Trust Central Team will identify an area for consultation with families. Areas identified will be those where the views of families will support in enabling informed decision making.

Example:

- Agenda item - approval of admissions marketing plan.
- Consultation by Head teacher and parent governor - why do parents choose / not choose our school.

**See parent role descriptor appendix 4*

Elections/ nominations

Chair

At the first meeting of each academic year members of the governing body will have the opportunity to nominate themselves for consideration as Chair of Governors. A confidential process of voting will be followed to confirm the appointment.

Where the LGB are unsuccessful in appointing a Chair, the Trustees will work with the school to identify and nominate an appropriate Chair of Governors.

The Chair of Governors will be elected on an annual basis, as part of the Autumn term full local governing body meeting.

**See Chair role descriptor appendix 2*

Vice Chair

At the first meeting of each academic year members of the governing body will have the opportunity to nominate themselves for consideration as Vice Chair of Governors. A confidential process of voting will be followed to confirm the appointment.

The Vice Chair of Governors will be elected on an annual basis, as part of the first full local governing body meeting of the academic year.

**See Vice Chair role descriptor appendix 3*

Parent governor recruitment process:

The school will advertise the parent governor opportunity.

Any parents wishing to apply should check that they are eligible by reading the enclosed qualifications and disqualifications criteria. The parent should then sign the declaration of eligibility form and return this with the completed nomination form.

Interested and eligible parents should then complete the nomination form.

They should include a statement, up to 150 words, about themselves, the skills, experience, and commitment they can bring to the governing body and why they would like to become a governor. All words over 150 should be deleted and not used in the election process. The statements should then be included on the ballot paper that goes out to all parents. Schools will acknowledge each nomination within two working days of the closing date.

A deadline date will be stated in the advert and all nomination forms should be submitted by this date and time.

If there is only one applicant, and they meet the requirements of the role and the terms of the qualifications and disqualifications criteria, they should automatically be offered the governor vacancy. Where there is more than one nomination meeting the criteria and role descriptor:

The school will run an election process where parents will be invited to vote for their preferred candidate.

The date and time of the ballot count will be confirmed to all nominees, who are welcome to attend the count if they wish.

The 2 candidates with the most votes will be offered the parent governor roles.

In the case of insufficient nominations to appoint both or one of the parent governor positions, the LGB can fill this vacancy via a co-opted governor.

In accordance with the School Governance (Constitution) (England) Regulations 2012, an elected member of the Local Authority (LA) or school staff who are paid to work at the school for more than 500 hours in any consecutive twelve-month period are not eligible for election or appointment as parent governors. However, they can vote in parent governor elections if they are parents of children attending the school and can be governors at another school.

Appointed Governor

Where there is a recognised need for additional capacity or skills, the local governing body may choose to appoint an appointed governor. Appointed governors are identified by the Chair of Governor, but to be approved via a governor vote.

**Trustees are responsible for the removal of governors who fail to adhere to the governor code of conduct or requirements of the Scheme of Delegation.*

Local Hub Boards

Local Hub Boards (LHBs) are established to provide a channel of communication between the central team, Board of Trustees and Local Governing Bodies.

LHBs are aligned to a geographical location, with a north and south hub currently in place.

Each LHB will meet once per term with a focus on education, business, and Trust development. Additional meetings may be scheduled as appropriate.

Each school will be represented by the Chair or Vice Chair. Representation at Governor Hubs is compulsory for all local governing bodies. Where the lead representative is not available an appropriate alternative should be identified.

Representatives are responsible for ensuring information from LHBs is shared in local governing body meetings and enables effective decision making.

Clerking

Schools will continue to identify and source a clerking service that meets the needs of their school. This could be sourced via a service provider or individual.

All clerks must demonstrate that they have completed appropriate training and have a currency of knowledge.

As part of the procurement of a clerking service, all Flying High schools must include the following.

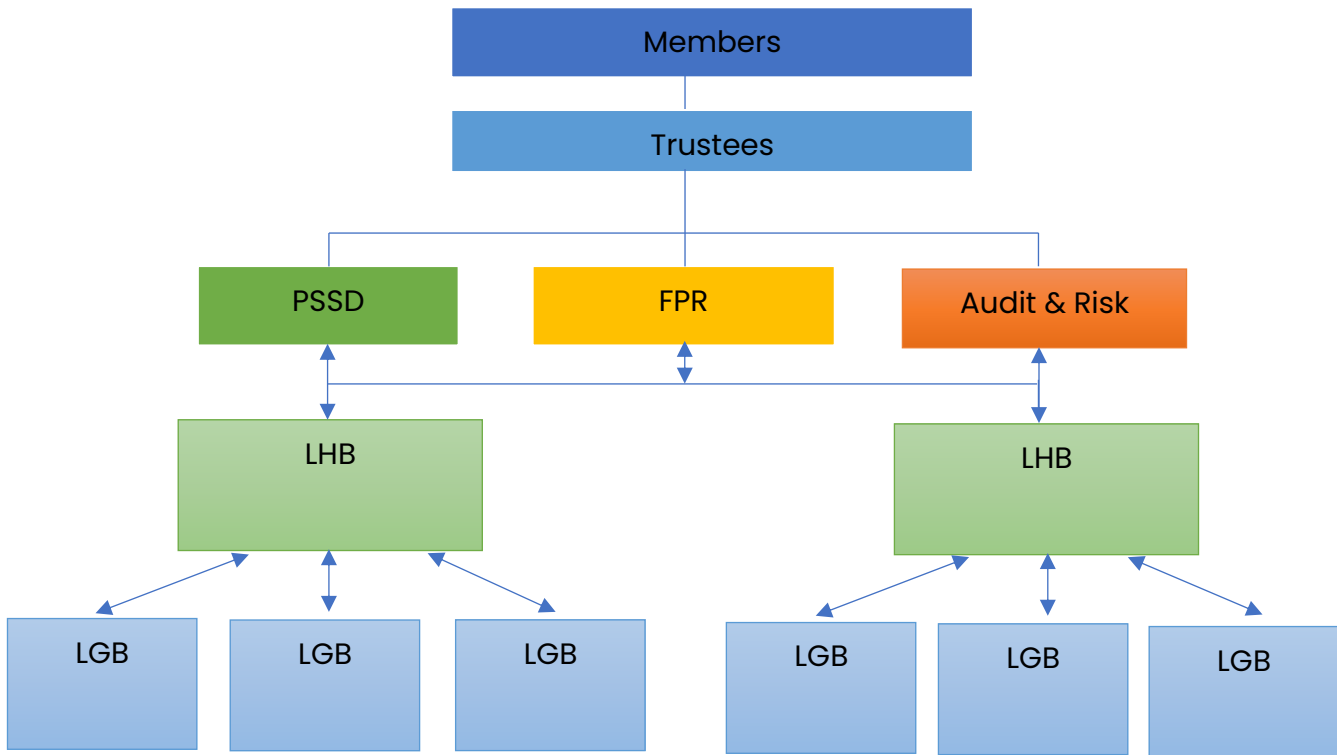

- Clerk to attend a one hour online termly meeting, with Flying High, providing an overview of the standardised agenda.
- Clerk to attend and minute all full governing body meetings.

Reporting Procedures

Within 15 working days of each meeting each LGB will:

- produce and agree minutes of its meetings;
- provide a summary document identifying (i) decisions made, (ii) recommendations to the Board, (iii) any items for the information of the Board and (iv) items for further discussion by the Board, to be raised at Local Hub Boards for escalation to the Board of Trustees or central team as appropriate.

- Understand the responsibilities of the Local Governing Body, through a detailed understanding of the Scheme of Delegation.

- Accept that you have no legal authority to act individually, except when the local governing body has given you delegated authority to do so, and therefore you will only speak on behalf of the governing board when you have been specifically authorised to do so.
- Accept collective responsibility for all decisions made by the local governing body or its delegated agents. This means that you will not speak against majority decisions outside the governing body meeting.
- Have a duty to act fairly and without prejudice, and in so far as you have responsibility for staff, you will fulfil all that is expected of a good employer.
- Will consider carefully how your decisions may affect the community, the Trust and other schools.
- Will always be mindful of your responsibility to maintain and develop the ethos and reputation of the school and the Trust; and to be advocates for and support the principles and values of the Trust.
- Will always be mindful of issues of confidentiality, and the reputation of the school and Trust when using social media; and not engage in comment or discussion on social media as a governor without the explicit approval of the governing body.

- Accept that, in the interests of open governance, your full names, date of appointment, terms of office, roles on the governing body, attendance records, relevant business and pecuniary interests and category of governor may be published on the school's website.

Relationships

To be effective, it is vital that governing bodies are founded on positive working relationships. It is expected that governors will:

- Strive to work as a team in which constructive working relationships are actively promoted.
- Express views openly, courteously and respectfully in all communications with other governors.
- Support the chair in his/her role of ensuring appropriate conduct both at meetings and at all times.
- Engage in open and frank discussions and show respect for differing views and opinions.
- Seek to develop effective working relationships with the Headteacher, staff and parents, central team members and Trustees of the Flying High Trust, and other relevant agencies and the community.

- To exercise the greatest prudence at all times when discussions regarding school and Trust business arise outside a governing body meeting.
- Not to reveal the details of any discussions or votes within the governing body, unless expressly agreed by the governing body.

Social Media

- Exercise extreme caution when using social media outside work and avoid publishing, or allowing to be published, any material, including comments, or images, that could damage your professional reputation and/or bring the school or Flying High into disrepute.
- If you do use social media, it is strongly advised to set your profile to 'private' and under no circumstances allow public access to pupils and their families, unless they're an existing personal relationship.
- Always be mindful of issues of confidentiality, when using social media; and not engage in comment or discussion on social media as a governor without the explicit approval of the governing body.

Conflicts of interest

Governors are expected to act impartially and without personal/professional gain from the decisions taken by the governing body. It is expected that you will:

- record any pecuniary or other business interest (including those relating to people to whom you are connected) that you have in connection with the governing body's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting you will offer to leave the meeting for the appropriate length of time. You accept that the Register of Business Interests will be published on the school's website.
- Declare any conflict of loyalty or interest at the start of any meeting should the situation arise.
- Act in the best interests of the school as a whole and not as a representative of any group, even if elected to the governing body e.g. as a parent or member of staff.

Breach of this code of conduct

In the event of a breach of this code of conduct, it is expected that:

- You will raise this issue with the chair and the chair will investigate; the governing body will only use suspension/removal as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.

The following information about each governor will be published on the school's website:

I understand that I must declare business interests and this information will be published on the school's website along with my name, details of my term of office and responsibilities as a governor. Failure to reveal this information may be judged as bringing the Governing Body into disrepute and could lead to my role as a governor being suspended.
